

# THE MODERN GENTLEMAN

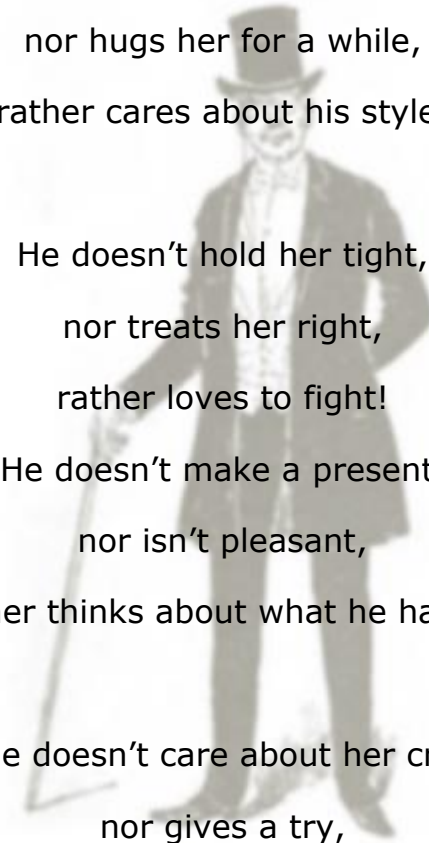

He doesn't spare a compliment,  
nor holds her hand,  
rather prefers an one-night-stand!

He doesn't smile,  
nor hugs her for a while,  
rather cares about his style!

He doesn't hold her tight,  
nor treats her right,  
rather loves to fight!  
He doesn't make a present,  
nor isn't pleasant,  
rather thinks about what he hasn't!

He doesn't care about her cry,  
nor gives a try,  
rather prefers to lie!

He doesn't care on any day,  
about what she has to say,  
rather likes to get away!

He doesn't like to have her close,  
nor buys her any rose,  
would rather choose,  
to miss,  
their first kiss!

Because when men prior care,  
today it's rather rare,  
to see men stay,  
and not decide to go away,  
to see couples,  
through sunny and rainy weather,  
being contently together,  
to see that men consider marriage,  
still a valid theme,  
and not a moribund scheme,  
to see men love their kids,  
marriages don't turn into splits,  
or worse,  
into a divorce,  
or to see their relationship,  
is altogether,  
material for forever!

Because today,  
men aren't shy,  
to confirm being on the fly,  
they don't hide,  
that they blindside their own bride,  
as the male gender,  
they don't fit to a marriage defender,  
they rather like with one click,  
moving on to another chick,  
they like the sound,  
of having more girls,  
that they can count,  
they love to have,  
more girls on their phone,  
than a real one at home!

Therefore gentlemen today,  
more than priors go astray,  
and like this monophthong,  
do more things wrong,  
because the modern gentleman,  
doesn't wear a cylinder,  
is rather to be find on tinder!
