

Who am I?

Am I this?

Am I that?

I don't get it in my head.

Am I thin?

Am I thick?

Is that a certain type of trick?

Am I small?

Am I tall?

It's like you talk directly to a wall!

Am I hot?

And If no,
why not?

Am I rich?

Am I poor?

What is this all good for?

It's a question for the ages,
which can fill hundreds of pages.

And of course it's not easy to find out,
what it's all about.

But one day you will explore,
the certain type of core.

And about short or far,
you understand who you really are!
